## YOUR ENTERTAINMENT GUIDE

The Ivy Room  
Ivy, 320 George Street, Sydney

March 20 2010 | Guest Speaker - Wendy Harmer

Interplast provides free, life-changing plastic and reconstructive surgery to the indigent populations of our developing Asia-Pacific neighbours. In these communities congenital deformities can mean the difference between a rich and fulfilling life and one of isolation and neglect.

We perform hundreds of surgical repairs to the most needy in these countries every year. There are thousands more that need our help.

Thanks to your generous support and that of our many volunteers, Daniel now has a beautiful smile - and a lot to smile about.

**Let's help the thousands who need us!**
